

DKV60: Incremental measuring wheel encoder

The basis of the product is the DKS40 incremental encoder. The DKS40 and therefore the DKV60 utilise Mini-Disc technology, making the DKV60, extremely robust and resistant to shock and vibration. The DKV60 also features a high protection rating (IP 65).

Specify your own individual measuring wheel encoder!

Possible product variations:

- Interface
TTL/RS422, HTL/push-pull
- Measuring drum
Knurled surface,
'O' ring surface
- Cable outlet 1.5 m

The product versatility enables many uses, e. g. in:

- Woodworking machinery
- Steel and sheet processing machinery
- Storage and conveying technology
- Sorting systems
- Conveyor belts
- Textile machinery
- Printing and paper

**Number of lines
1 up to 2,000**

Incremental Encoder

The DKV60 incremental measuring wheel encoder is a cost-effective and extremely compact solution for the direct determination of position and speed of a conveyor belt.

The DKV60 incremental measuring wheel encoder can be fitted directly to the conveyor belt, without the need of any mechanical accessories.

SICK | STEGMANN

- Cable outlet
- Protection rating up to IP 65
- Electrical interfaces
TTL and HTL
